Edward G. Bartick

1. **The University of Virginia**
Graduate Student Research Director – External Committee Member.
FTIR Analysis of Low Explosive Residues
Russell A. Miller, M.S. 1988
With Prof. Ralph Allen

2. **The George Washington University**
Graduate Student Research Director – External Committee Member
 - a. Fourier Transform Infrared Microscopy for Forensic Fiber Analysis
Mary W. Tungol, Ph.D. 1995
With Prof. Akbar Montaser
 - b. Introduction of Raman Spectroscopy to the Forensic Analysis of Fibers
Jason V. Miller, M.S., 2000
With Prof. Walter Monroe
 - c. Fourier Transform Infrared Analysis of Resins Found on Trunk Liner
Fibers
Rachel E. Kosa-Maines, M.S., 2003
With Prof. Harold Deadman

3. **Virginia Polytechnic Institute and State University (Virginia Tech)**
Adjunct Professor – External Committee Member
The Analysis of Dyed Fibers by Raman Spectroscopy
Richard Baltzerson – Three month Ph.D. Student Internship at my
laboratory, 2000 (Did not complete Ph.D.)
With Profs. Larry Taylor and Mark Anderson

4. **University of Technology, Sydney, Australia**
Ph.D. Thesis outside Examiner
Physical Evidence in Drug Intelligence
Juuso Huttunen, Ph.D. 2003
With Prof. Claude Roux

5. **The University of Lausanne, Switzerland**
Instiut de Police Scientifique
External Committee Member
The Analysis of Fiber Dyes by Raman Spectroscopy (Thesis)
Patrick Buzzini, Ph.D., Current
Three-month Ph.D. Internship (stage) at my laboratory (2004)
The Comparison of Infrared and Raman Portable Spectrometers for
Field Analysis of Biological Agents
With Assist. Prof. Genevieve Massonnet
